I have been involved with the OELC and NECC since about 2016.

I find it amazing that we have made it to a place where Early Childhood learning is a natural thing, a progression. I believe that for the most part, the stigma of being “just a child care facility” is almost obsolete.

I dediced to join Policy Council because working with the staff at the OELC, NECC, and with other members of the Policy Council has been a joy. In addition, I have learned so much from my experience working with NECC and the OELC.
