

# Sophia Hernandez-Rodas

---

I have been involved with the the Omaha Early Learning Center since August of 2018.

My favorite thing about the OELC is the consistency. I appreciate the educators that are present everyday. I love that I can walk with my son in the hallway and the staff know his name and make us feel welcome.

I decided to participate on the Policy Council in order to gain more information about the policies that could affect my child. I also feel I could effectively communicate with other parents that might have questions regarding policies and procedures in the center.
